Request for Legislation

Project Title: Lead Service Line Replacement Project #7 WSRLA funding

A RESOLUTION AUTHORIZING AND DIRECTING THE DIRECTOR OF PUBLIC SERVICE OF THE CITY OF NEWARK, OHIO TO APPLY FOR, ACCEPT AND ENTER INTO A WATER SUPPLY REVOLVING LOAN ACCOUNT AGREEMENT ON BEHALF OF THE CITY OF NEWARK FOR PLANNING, DESIGN AND/OR CONSTRUCTION OF LEAD SERVICE LINE REPLACEMENT PROJECT #7 AND DESIGNATING A DEDICATED REPAYMENT SOURCE FOR THE LOAN.

Background/Purpose:

The City has approximately 4,000 water service lines constructed of material other than copper that need replaced as part of Ohio EPA's requirements. The water services needing replaced are being split into manageable contracts of 800-1,000 services every six months, awarded over the next three years.

Scope of Work:

The Division of Water and Wastewater, through the Director of Public Service, is requesting authorization to accept and enter into an agreement for a construction loan for this project replacing 1,000 water services. This current legislation authorizes that process to start.

Justification/Urgency:

Ohio EPA has dedicated \$170 Million dollars per year over the next four years for Lead Service Line Replacement Projects through the WSRLA program. The funding is 53% principal forgiveness and 47% zero percent interest. It is in the best interest of the City to take advantage of this funding and it is anticipated the City will award two projects per year through 2028.

Anticipated Costs and funding source:

The estimated construction cost at this time is \$3.5M, however 53% of the funds are Principal Forgiveness. The project has been nominated for funding to Ohio EPA Water Supply Revolving Loan Account for Project Year 2025-2026.

Schedule or Term of Contract:

Construction is anticipated to start in July 2025.

Community Impact:

This project will benefit the City as well as the residents by replacing 75-100 year old water lines that are leaking, plugged and failing and will also meet Ohio EPA requirements.
