

Rule 1 – Section C

C. An Activation fee shall be required of all customers.

The purpose and intent of the Activation fee is for activation of a new account. Activation is defined as any instance of an account being established by an individual or entity.

This fee shall apply to all customers unless:

1. The activation is being performed for the sole purpose of automatically transferring the service to the property owner's name where there is a prearrangement made between the City and the property owner.
