

Fats, Oil and Grease Discharge Permit

FOOD SERVICE OPERATIONS AND
FOOD ESTABLISHMENTS

PERMIT YEAR: 2004-2005

Establishment: _____

The above listed establishment is hereby authorized to discharge waste into the City of Newark Sewer System in accordance with the requirements listed below:

Requirements:

1. All food service operations and food establishments are responsible to submit to the City of Newark, Division of Water and Wastewater, every six months, a report of inspection and details on cleaning of grease interceptors or grease traps. (Form attached must be completed and signed for each maintenance event)
2. Reports must be submitted by September 15th for the six-month period ending August 31st and March 15th for the six-month period ending February 28, 2003. Report shall be mailed to:
City of Newark WWTP
FOG Program
1003 East Main Street
Newark, OH 43055
3. Permit Fee of \$50.00 is due and payable on March 1, 2004. (See attachment)
4. The materials removed in cleaning shall be removed from the premises for disposal and NOT deposited in the plumbing or sewage systems.
5. All Grease Traps and Grease Removal Systems must be operated in compliance with the City of Newark Fats, Oil and Grease Ordinance. (#03-XX)
6. Compliance with the City of Newark Sewer Use Ordinance is required. (#98-48)
7. This permit shall expire on February 28, 2006.
8. An authorized representative of the permittee must sign each maintenance form.
9. Each permittee shall follow the general guidelines described in the Best Management Practices Fact Sheet. (See Attachment "B" (#03-XX))
